## 2019-2020 Provider Directory

Published: October 12, 2017

Revised: June 18, 2020

Dear Enrollees,

On behalf of our Board of Directors and staff, the Detroit Wayne Integrated Health Network (DWIHN), formally the Detroit Wayne Mental Health Authority thanks you for choosing to receive your behavioral health services from us. We are committed to becoming your premier community mental health provider. Our goal is to assure that the people we serve have “Inclusion and Choice” when it comes to all of your services and supports.

We have changed our name to reflect all of the services that we provide to the 75,000 citizens in Wayne County. We offer support to people with mental health concerns, those with intellectual and developmental disabilities, children with serious emotional disturbance and individuals with substance use disorder. We are committed to providing a holistic approach to care in these five areas: behavioral, economic, physical, social and spiritual. We are doing that by collaborating with holistic Provider Partners who can assist you in many different areas of your life so you can live and work as a productive citizen in the community of your choice.

My pledge to you is that all DWIHN decisions be made in your best interest. Our system of care will provide safeguards against stigma; promote delivery of care with integrity, dignity and respect. We are also very proud to offer care that is evidenced-based and data driven which enhances the outcomes of your recovery and maintains quality of services rooted in integration of care.

We want to partner with you on your healthcare journey. We look forward to your feedback, experiences, concerns, success and other issues that you feel are important. Our success in delivering services is not determined by our satisfaction, but yours. We encourage you to participate in the surveys that may be administered from time to time. We are committed to excellence and strive to deliver programs and care that exceed your expectations.

Please keep us posted on how we can work together in helping to improve the healthcare you receive.

Sincerely,

Willie E. Brooks, Jr.  
President and CEO

# Welcoming Declaration

## FOR RECIPIENTS

**WE THE PEOPLE** of the community who receive services, welcome you to this Authority which serves all individuals with dignity and respect. Our mission is to provide hope, trust, and acceptance to all individuals who request services. Patience and acceptance are mandatory in receiving care and services from this Authority. We acknowledge that mental health and physical well-being are fundamental to the quality of life and productivity of individuals, families and communities.

In OUR NEW VISION, we will provide a safe environment with compassion and understanding. Services are being offered in a wide range of community-based settings and no longer exclusively in large isolated institutions. This environment will be non-judgmental and committed to listening and cooperation. We will promise that — through hard work, dedication, and team efforts — recovery is made possible for all. Individuals will be seen and treated as human beings who share common experiences and learn to grow through their efforts. By individuals sharing our stories of strength and hope, others will begin to believe in themselves and learn that recovery is possible.

We will eliminate stigma and discrimination to enhance the protection of human rights and dignity. The necessary requirements will be used in order to empower people at risk or suffering from mental health issues, substance abuse and/or other disabilities to participate fully and equally in society. We would like to offer to you the freedom of choice as it relates to your on- going process of recovery and keep you involved in your care on sensitive needs and culture.

Within this Authority we will promote recovery, self-empowerment and activities that will support your growth and well-being. We have a commitment to enhance partnerships between agencies responsible for care and support, such as health, housing, education, and employment. This declaration will be upheld by everyone who offers services, as well as those who receive services.

# How to Use Directory

The Detroit Wayne Integrated Health Network (DWIHN) offers a culturally diverse network of community mental health programs, clinics, private therapist, psychologists, and psychiatrists to provide mental health services. We do our best to match you with a service location close to your home.

This directory is made available to Wayne County residents as a resource guide in identifying mental health and substance use service providers and supports. It is available upon request and is provided annually to enrollees. Copies are available to download from the website, [www.dwihn.org](http://www.dwihn.org).

This publication is available in alternative formats upon request to individuals with disabilities.

***Disclaimer:***

DWIHN makes every effort to ensure the accuracy of this Provider Directory. For the most current version, you may go to our website at [www.dwihn/providerdirectory.com](http://www.dwihn/providerdirectory.com). You should receive a copy of Provider Directory at the time of enrollment, upon intake, annually and or upon request. You may also request a copy to be mailed to you or by email. To request a copy of this Provider Directory call DWIHN's Customer Service Department at 888.490.9698 or TTY: 800.630.1044. You may also contact your provider to request a copy. A copy will be provided to you at no cost within five (5) business days of your request.

## Non-Discrimination and Accessibility

In providing behavioral healthcare services, Detroit Wayne Integrated Health Network (DWIHN) complies with all applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability or sex. DWIHN does not exclude people or treat them differently because of race, color, national origin, age, disability or sex.

DWIHN provides free aids and services to people with disabilities to communicate effectively with us, such as:

- Qualified sign language interpreters
- Written information in other formats (large print, audio, accessible electronic formats, Braille)

DWIHN provides free language services to people whose primary language is not English or have limited English skills, such as:

- Qualified interpreters
- Information written in other languages

If you are a person who is deaf or hard of hearing, you may contact DWIHN at 800.630.1044 or MI Relay Service at 800.649.3777 or 711 to request assistance.

If you believe that DWIHN has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance by contacting Customer Service Grievance staff at 707 W. Milwaukee St., Detroit, MI 48202, at 888.490.9698, by Fax: 313.833.4280, or email: [pihpgrievances@dwihn.org](mailto:pihpgrievances@dwihn.org). You can file a grievance in person or by mail, fax or email. If you need help in filing a grievance, the Customer Service Grievance staff is available to assist you.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights. Complaint forms are available at <http://www.hhs.gov/ocr/office/file/index.html>. You may also file a grievance electronically through the Office for Civil Rights Complaint Portal, available at <https://ocrportal.hhs.gov/ocr/portal/lobby.jsf>, or by mail or phone at:

# Intake Assessment Locations

**Intake Assessment Locations** are provider locations where you can go to receive a comprehensive face-to-face clinical evaluation that determines if you meet eligibility requirements to receive public behavioral health services. The intake is your first appointment with a therapist. During your intake appointment, the therapist will ask various questions to make, or come closer to, a diagnosis and to create a personalized treatment plan. The intake appointment is also your time to ask questions of the therapist.

# Independent Facilitators

The Detroit Wayne Integrated Health Network (DWIHN) supports the value of an Independent Facilitator during the Person-Centered Planning Process (PCP). An Independent Facilitator is a person other than a staff member at your behavioral health care provider agency who can help you design and develop your PCP. An Independent Facilitator has no financial interest in the outcome of the supports and services outlined in your PCP. The role of the Independent Facilitator is to act as an advocate to ensure your voice is heard and is the focus of the meeting. The Independent Facilitator works in partnership with you to help you express your goals and write them in a format that is easy to understand. You have the right to choose anyone you desire to assist with your PCP at no charge to you. It is the responsibility of the Service Provider to facilitate the payment for your Independent Facilitator.

The DWIHN Customer Service Unit maintains a list of Independent Facilitators, however we recommend that you meet with the facilitator in advance to discuss your needs before your PCP session. See the list below of Independent Facilitators in Wayne County.

# Crisis Centers for Adults and Children

Crisis Centers are centers that provide crisis counseling, solution-focused and recovery-oriented behavioral health assessments and stabilization. If you or someone you care about is experiencing a behavioral health crisis, or you aren't sure what help may be needed, you may call or go to one of our crisis centers. These centers help resolve behavioral health crisis situations by offering individual crisis response, family support, link to resources and help to access behavioral health services, hospital care and hospital alternatives. The goal is to stabilize the situation so a person in crisis can return home safely, with plans and resources to manage any ongoing needs.

# DWIHN Provider Network

DWIHN Providers serve the entire Detroit-Wayne behavioral health population. They work closely with the Authority as we work to become your holistic care provider. The Providers offer services and for people of all ages with Intellectual and/or Developmental Disabled, Children with Serious Emotional Disturbances, Adults with Severe Mental Illness, and those individuals with Substance Use Disorders.

DWIHN Providers assist people in developing a Person-Centered Plan and then create an individualized plan of service. Providers connect people/families with qualified individuals that will assist and work diligently with you and your family to ensure that the person-centered planning process is effective and with meaningful outcomes.

With DWIHN you will always have your choice of Providers. If you wish to change your Provider location just call 888.490.9698 to get assistance.

If you are dissatisfied with the services and/or treatment you are receiving at any DWIHN Provider, you have the right to file a grievance and/or an appeal. Just call 888.490.9698 and ask to speak with a grievance or appeals representative to assist you.

The following Provider Guide can assist you with finding a Provider that suits your behavioral health needs.

# Autism Programs and Services

## Autism Spectrum Disorder (ASD)

ASD is a developmental disability caused by a problem in the brain. Scientists do not know yet exactly what causes it. ASD can impact a person in different ways. People with ASD may have problems with social, behavioral, and communication skills. Many people also have different ways of learning, paying attention, or reacting to things. ASD begins during early childhood and lasts throughout a person's lifetime.

A person with ASD might:

- ✚ Not respond to their name by 12 months.
- ✚ Not point at objects to show interest by 14 months.

# Children's Waiver Program

The Children's Waiver Program (CWP) makes it possible for Medicaid to fund home and community-based services for children who are under age 18. To be eligible for the CWP, the child must have a documented developmental disability and need medical or behavioral supports and services at home. In addition, the child must have behavioral or medical and rehabilitative needs at home on a consistent daily basis that meet requirements for the level of care for an Intermediate Care Facility for Individuals with Intellectual Disabilities (ICF/IID). To start the process, the Wayne County resident or family contacts the Detroit Wayne Integrated Health Network Access Center at 800.241.4949 and requests an assessment for the Children's Waiver Program.

**The Children's Waiver (CWP) is managed by the following three (3) Service Providers:**

<b>The Guidance Center (TGC)</b> 19275 Northline Rd. Southgate, MI 48195 734.785.7718	<b>Community Living Services (CLS)</b> 35425 Michigan Ave. Wayne, MI 48184 734.722.6896	<b>Neighborhood Service Organization (NSO)</b> 8600 Woodward Detroit, MI 48202 313.875.7601

# Habilitation Supports Waiver Programs

The Habilitation Supports Waiver Program (HSW) is an intensive home and community based, active treatment and support program, designed to assist individuals with severe developmental disabilities to live independently with supports in their community of choice. This program is designed as a community-based alternative to living in a group home.

# Serious Emotional Disturbance Waiver Program

The Serious Emotional Disturbance Waiver (SED/CW) provides services that are enhancements or additions to Medicaid State Plan coverage for children through age 20 with SED/C. The MDHHS operates the SED/CW through contracts with the Community Mental Health Service Provider (CMHSP). The SED/CW is a fee-for-service program administered by the CMHSP in partnership with other community agencies. The SED/CW enables Medicaid to fund necessary home and community-based services for children with serious emotional disturbance who meet the criteria for admission to the state inpatient psychiatric hospital (Hawthorn Center) and are at risk of hospitalization without waiver services. The CMHSP is responsible for assessment of potential waiver candidates.

## SED/C Waiver Eligibility

### The child must:

- Be under the age of 18 when initially approved for the waiver, but can remain in the waiver until the age of 21 if other eligibility requirements are met.
- Reside with birth/adoptive parents as a Temporary Court Ward (TCW), reside in foster care as a TCW/Permanent Court Ward (MCI), or have completed the adoption process through the Child Welfare system.
- Have an SED/C and meet inpatient psychiatric hospitalization criteria
- Have a primary DSM Axis I diagnosis
- At risk of inpatient hospitalization
